Abacus was really helpful for me in the exam while solving math problem sums in very little time. I completed a three-hour paper in just two hours. I could solve most of the sums by calculating mentally.

Netra teacher, Parveen teacher and the Radiant staff have also motivated and supported me.

Abacus is a lifelong gift from my parents for enrolling me in Radiant.

Thank you so much

**NAIDRATI
NADIGER**

CBSE - 2026

I am deeply grateful for the guidance I received at Radiant Abacus. Consistent practice improved my mathematical skills, which significantly boosted my exam performance. My heartfelt thanks to Geeta Madam, and the entire team at Radiant. With the encouragement of my parents and teachers, I won a state-level championship in the tables competition by telling 3264 table.

Radiant Abacus feels like a second home to me.

Thank you, Radiant Academy, for your dedication and patience in teaching Abacus. The classes were very interactive and fruitful. It helped me with calculations, as well as by increasing my concentration and focus while doing any work. It improved my mathematics and helped me gain confidence.

All the years that I've spent at Radiant Academy were really worth it.

I am Spoorthi P. Kulkarni, a proud student of Radiant Abacus. This institution played a key role in strengthening my mathematical skills. I graduated in 2022, and even today, I continue to use the techniques I learned here in my daily life.

I am deeply grateful to the institution for its unwavering support and to the teachers for their dedication and guidance. Thank you, Radiant Abacus, from the bottom of my heart!

**RAGINI
EKLURE**

SSLC - 2026
Maths - 98 | Sci - 84
96%

As an abacus student, I, Ragini, am really grateful for the skills I have learned. Abacus has improved my concentration, speed and accuracy in solving mathematical problems. Now, I can calculate quickly and confidently without a calculator. This helped me a lot in my SSLC examinations, making me very happy and proud. One of the best things about abacus is that once it is learned, it becomes a permanent skill for life. "Abacus didn't just teach me numbers - it built my confidence for life".

**PRUTHVIRAJ
HONNAPPA NAVAR**

SSLC - 2026
Sci - 92

My abacus journey has helped me immensely, especially in mathematics, by allowing me to tackle large calculations with ease. Beyond numbers, the training sharpened my grasping power and helped me understand new concepts much faster. I am deeply grateful to my teachers for their years of patient guidance. This foundation will undoubtedly help me in all my future academic endeavors.

86.2%

My journey in Abacus was incredible. It helped me develop strong mental visualization skills and gave me a massive advantage in my post-10th exams. Even now, it continues to help me in my competitive exams. Abacus improved my calculation speed, memory power, and concentration. The supportive teachers made tough levels easy to understand. Thank you.

**AKASH V.
HALAVOOR**

PUC-II - 2026
Maths - 99 | Phy - 96

The abacus has been incredibly helpful in improving my math skills. It has made calculations faster and more accurate, while enhancing my concentration and mental calculation abilities. The step-by-step approach encourages logical thinking and strengthens problem-solving skills. Overall, it has boosted my confidence.

**SRIJAN
ASUNDI**

PUC-II - 2026
Maths - 95 | Phy - 94

Thanks to the hardworking teachers at Radiant Abacus, my calculation speed has improved so much that I can now focus more on analyzing questions rather than just calculating. Abacus made math feel easy and boosted my quick thinking. Special thanks to Jyothi Kabadi madam!

**KHUSHI
ABBIGERI**

PUC-II - 2026
Maths - 95

I'm Khushi Abbigeri, a proud abacus graduate from Radiant Abacus Center! Learning math here has been an amazing experience. It boosted my calculation skills, making me the fastest in my classroom, and helped me excel in my competitive exams.

Thank you, Radiant!
